Chief Perez highlighted his concerns in maintaining an open lobby 24 hours per day, but noted that he will continue to review and investigate options related to this concern.

Councilmember Hampton requested information on the number of Police Department new hires that are from Pasadena and/or the San Gabriel Valley, and encouraged the Department to continue outreach efforts focused on hiring women to serve as Police Officers with PPD.

On order of the Acting Chair, and by consensus of the Committee, the information was received and filed.

#### **PUBLIC COMMENT**

Ann Scheid, Pasadena resident, provided her comments and suggested the hiring of a consultant familiar with Beaux-Arts Architectural Design, and offered to share her research on prior suicide prevention ideas considered previously in the 1930's.

The Mayor expressed his strong concerns with the recommended process described in the agenda report, including the proposed timeline to complete this phase of the project, given the urgency of this matter, and stated his apprehension towards the selected firm.

The City Manager stated with the consensus of the Committee, staff will revise the agenda report, and return with a revised timeline that emphasizes the urgent need to complete this phase of the project and to start the bidding process.

Councilmember Madison noted that staff's prior experiences in rushing forward with projects often resulted in community and Councilmember opposition, especially given the historical landmark status of the bridge. He expressed his support for staff to return to the Committee with a revised timeline and asked that staff review the proposed budget, and if possible, pursue grant opportunities.

On order of the Acting Chair, and by consensus of the Committee, it was agreed that City staff would return with the information detailed above.

Following brief discussion, it was moved by Councilmember Hampton, seconded by Mayor Tornek, to approve staff's recommendation, and forward the item to the full City Council for consideration, with the City Manager to provide additional information, as requested above. (Motion unanimously carried) (Absent: Vice Mayor Kennedy, Chair)

## **PROPOSED AMENDMENTS TO PASADENA MUNICIPAL CODE REGARDING SIDEWALK VENDORS**

Kris Markarian, City Engineer introduced the agenda item and Yannie Wu, Principal Engineer, summarized the agenda report as part of a PowerPoint presentation, and responded to questions.

The Mayor asked staff to consider the appropriateness of restricting sidewalk vending not only within all three Business Improvements Districts (PBID) areas, but also in other highly populated commercial business areas, and requested information on how the City plans to regulate the proposed amendments to prevent vendor overconcentration in City parks.

Councilmember Hampton echoed the Mayors concerns and asked staff to consider restrictions for sidewalk vending along the business area of North Lincoln Avenue.

Ara Maloyan, Director of Public Works, stated that the specific area map where vending is currently prohibited around the Rose Bowl will be amended to include the entire Arroyo Seco area, which will now include Lincoln Avenue.

In response to Councilmember Hampton, Javan Rad, Chief Assistant City Attorney stated that staff would need to further review the proposed bill to determine if the City could regulate the type of food items sold.

The City Manager stated he would confer with the City Attorney's Office to determine the timeframe needed to prepare the amendments and bring forward to the full City Council for consideration.

In response to the Mayor's comments regarding the proposed action, City Manager Mermell stated that the intent of the staff recommendation was to direct the City Attorney to prepare an ordinance to amend the Pasadena Municipal Code regarding sidewalk vending, noting that proposed action could have been more precise.

Following discussion, it was moved by Councilmember Hampton, seconded by Mayor Tornek, to approve staff's recommendation, with the understanding that the motion is to direct the City Attorney to prepare an ordinance to amend the Pasadena Municipal Code regarding sidewalk vending, and forward the item to the full City Council for consideration.
